**New FCC ID application based on FCC ID: UYW-427-0002**

I hereby request a new FCC ID, 2ALU7-427-0008, for the Si-Tex SAS-600 based on the SRT Artemis 427-0002, FCC ID UYW-427-0002 granted on 2<sup>nd</sup> June 2017.

The Si-Tex SAS-600 differs from the Artemis 427-0002 only in branding, it's features, functionality and performance are the same. The branding extends to the front panel label and the covers on the product manual, nothing else is different. Therefore, all the test results and reports provided with the original application for the Artemis 427-0002 apply equally to the Si-Tex SAS-600.

This letter is permission from SRT Marine Technology Ltd for an application to be made for a new FCC ID for the Si-Tex SAS-600 based on the grant for the Artemis 427-0002, FCC ID UYW-427-0002, and using the reports provided as part of that original application.

Yours sincerely,

**Phil Pittaway**

Quality Assurance Manager, SRT Marine Technology Limited
